

Welcome to the warmth and comfort of the **APPLE VALLEY Inn**. Our charming country inn has an inviting, quaint atmosphere that sets the tone for a stay to remember. Throughout your stay with us, bask in the savory aroma of home baked delectable treats and choose from a variety of refreshments. Take advantage of the many attractions the area offers, or...

*R*elax in the comfort of any of the Inn's three sitting rooms. Perhaps you will choose an inviting chair atop the stone hearth and curl up with a good book, or settle in and get acquainted with the Innkeepers and hear about the history of the Inn. The stone walls that surround this unique spot are a marvel to many of our guests and help you identify with the true age of the home.

*S*tep into our spacious country dining room where you will be served a sumptuous, hearty country breakfast. Delight in the culinary excellence of our homemade banana nut buttermilk pancakes or taste our award winning poppy seed cake. You may choose to dine at a private table or join other guests for breakfast at our main table.

*T*he warm inviting atmosphere that greets you at our front door carries over to each of our uniquely appointed guest rooms. Choose from one of our seven guest rooms, which are aptly named after varieties of apples as a tribute to the wonderful harvest taken in each year by local farmers.

Romance dances behind the door of the Cameo Room as guests are treated to a queen-sized canopy bed with antique furnishings.

An elegantly appointed room, and one of the largest at the Inn. The room features a cherry wood queen-sized canopy bed, which is ensconced in delightful netting reminiscent of a Casablanca moment.

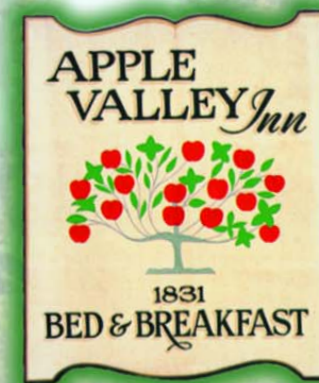

McIntosh Room

The Granny Smith room is bright, yet tranquil, with tones of green and yellow and splendid views of the gardens.
